## Topic of the Month

### Tournament

Keep in mind, with the tournament just around the corner, that doing your best and enjoying the events is all that matters. Winning is not everything and giving your best, your true best, is the greatest reward that anyone can receive. In time trophies and medals fade but your efforts will stay with you a life time. Every student that gives their all in any task has already won, because it is through those efforts that we become who we are as a person and as a martial artist. Always do your best and you will always be the best you can be. Good luck to those going to the tournament and Remember, win or lose, hold your heads high and know that you have tried your best and you are all winners in my eyes. Have fun.

Sincerely,  
Tony Reeser  
Chief Instructor
