Topic of the Month

Use your tools

Your martial arts should be carried with you where every you go, not as a weapon but a tool to help you with the struggles in life. Use your patience to help deal with daily stress. Use your focus to complete you daily tasks. Use your diligence to keep on going no matter what obstacle jumps in your way. Use your understanding to be compassionate of others and help them if you can. Martial arts is a spirit that resides in you from self defense training. Just like any other tool in a tool box, if not used on a regular basis, it will get rusty and not work. Use you tools to help yourself and others. This is a martial artist way to make the world a better place.

Sparring Classes

Remember in order to participate in sparring classes students must have all required equipment. *Mouth guards* are required for everyone, no exception. *Groin* protection is required for all male students. *This must be worn during all classes* (not just for sparring) this is for the student's protection. Recommended equipment, per rank, should be hand and foot gear for all ranks. Head gear for purple belt and above.

All equipment is required to be purchased through us. This includes mouth guards, groin protection and sparring gear. See office staff for assistance.
